### CITY AND VICINITY.

Born to Mr. and Mrs. Henry Van der Water Friday—a son.

Chris Becker and P. Oosting left for Green Bay, Wis., May first, where they expect to locate.

Mr. and Mrs. John Welling and family have moved to a farm near Olive Center.

The early cherry trees will yield no fruit this year. The last freezing in March destroyed the buds entirely.

The Allegan and Ottawa insurance company held a meeting April 30 and voted to extend their charter thirty years from March 4, 1900, the time it expired.

The roller skating rink at Allegan was leased Wednesday to John Bos of Holland who will use it for a vaudeville theatre. This is the second place to be rented here for that purpose.—Allegan Gazette.

A settlement has been effected by which Henry A. Dibble of Allegan turns over to the Grange store the 431 shares of stock in his possession. All that remains to Dibble is his elegant home. It seems that nothing will be done in the perjury case against him, owing to the letter of immunity he received from ex Prosecuting Attorney Cross.

So large has been the attendance of pupils at the Zeeland public and high schools during the past year that the eighth grade has been forced to hold its sessions in the Van den Berg building, corner of Main and Maple streets. A good many students from out of town are in attendance, and the steady increase in numbers necessitates more room.

Unless the people of the United States become more economical in their use of all kinds of timber, a timber famine will be the result, is the prediction. We are at the present time consuming each year from three to four times more wood than is grown by all the forest lands of the United States combined. Since 1880 more than 700,000,000,000 feet of timber have been cut for lumber alone.

An old land mark in Holland will soon be destroyed by the razing of the old building which C. M. Pher nanbucq has for years occupied. It was built soon after the great fire in 1871, by Harry D. Post. For a while it did duty as a drug store, then as city library of which Mr. Post was the first librarian. The late Dr. O. E. Yates also had his office there. The old buildings are fast disappearing in Holland and most of the old historic structures are being replaced by new modern buildings.

Rumors are abroad in Zeeland to the effect that a saloon will be opened near the East limits of the village. For several years Zeeland has been a dry town; and the village fathers are anxious that all their snugly laid plans will be frustrated by this plan. It is said that parties have already purchased the land on which to erect the saloon and that prominent farmers will sign the bonds. It is hoped by the people who advocate the dry town that Representative La-huis' bill now before the house will affect the proposition.

Charles Vos, an employe of the Ottawa furniture factory, was the victim of a peculiar accident Friday. A machinist as well as a physician was necessary to release him from a trap in which he was caught. He had thrown off the belt to a spindle, and as the machine was slowing down he stuck his finger into the socket of the spindle to clean it out. The finger was caught by the threads inside the socket and drawn in so tightly that Vos could not remove it. His predicament was seen by fellow employes who called Dr. J. J. Merssen, expecting the doctor to amputate the finger. The doctor, however, had Vos removed to the Huntley machine shop where the spindle, a piece of steel nearly two feet long, and one and one-half inches in diameter, was sawed in pieces and the finger removed without injury to it.

E. D. Billings of Chicago was in the city to purchase horses for his stable.

Ten people left by boat for Chicago last night, and will start today for Colorado Springs, on the excursion run by the Fountain Valley Land & Irrigation Co. of Denver.

New Richmond on the Kalamazoo is improving some this season several new houses have already been built. The Chicago House will add twenty new rooms and several have been remodeling. It is rumored that Chicago parties have purchased a strip of land along the river front and will erect one hundred new cottages in the near future.

At a meeting last Friday evening the Socialists made preliminary plans for celebrating the fourth of July in this city. It is the intention to secure if possible as a speaker for the occasion Eugene V. Debs, the great leader among socialists. If it is impossible to secure him, some other well known lecturer will be brought here. The following committee was appointed to make all necessary arrangements: W. F. King, J. E. Walker, J. G. Blok, Olaf J. Hansen, A. Van Doesburg.

Captain Gus Baker, of Ottawa Beach, has taken up lake fishing, and yesterday he set his nets in Lake Michigan for the first time this season. He expects to lift his nets Saturday, and throughout the summer he will continue the business, so that those who wish lake fish can procure them without going after them with hook and line. Captain Baker will use his sailing yacht Daisy as a fishing boat. He has another yacht which he will keep for charter. The Daisy is one of the well known crafts on the bay, where she was constantly in demand by outing parties.

Superintendent of Parks J. S. Kooyers has received from the U. S. department of agriculture at Washington a collection of shrubbery that will not only add beauty to the city parks, but their variety and growth will attract general interest. Some of the plants will be placed in the park and others will be cared for at Mr. Kooyers' greenhouses. Some of the plants are to be tested for their hardiness, and others are sent for the purpose of making a climatic test. The collection includes seedlings of Fraxinus ornus, a flowering ash raised from seed obtained in Central Persia; maple with scarlet foliage, sent from the plant introduction garden at Chico, California; Quercus dental an oak resembling chestnut oak; a maple with deeply cut, highly colored foliage; diospyros lotus, the water Japanese persimmon; a bush ornamental when in fruit. The last four plants were raised from seed secured in the neighborhood of Pekin, China.

A force of men are laying sewers on Eighteenth street east of Central Ave.

S. W. Murphy has left for Rochester, New York where he has accepted a position with the American Express Co.

The three story brick block to be built by Van Ark on West Eighth street will be occupied by Van Ark Furniture Co. It will be 107 x 47 feet and the trimmings will be of Bedford stone.

The next meeting of the Ottawa County Sunday School association will be held in Zeeland some time in June. The county rally will be held in Grand Haven this year, probably during the month of July.

Sheriff Woodbury was in Blenden Thursday investigating a report that Mr. John Brower, the Zeeland cheese maker, has been running his auto much beyond the speed limit and without observing the law relative to meeting and passing teams on the public highway.

A fire was discovered in the home of J. Vander Wege, on River and Fifteenth street. It originated through a defective flue. The fire department responded promptly but the fire which did not get a good start was extinguished before it arrived.

George Bender saved the life of a deck hand on the Puritan Sunday afternoon. The crew was going through the fire drill and doing this operation the man in some way fell over board, and being no swimmer would have drowned but for the timely assistance of Mr. Bender and Mr. Shafer.

Mrs. J. J. Hyde, a young woman but 19 years of age, died Sunday of tuberculosis of the lungs at her home on West Fourteenth street. She is survived by her husband, A. Kappelerberger of Holton, two sisters, Mrs. James Noggle of Holland, and Mrs. George Cope of Woster, Mich. The remains were taken to Holton, Muskegon county, for burial.

On the application of county drain commissioner, Edwin Fellows, asking for the appointment of a special commissioner to determine the necessity for locating and establishing the Foster drain in Robinson township, Millard Durham, Charles Himmlerberger and Cornelius Andre were appointed by the probate court today as such special commissioners.

A handsome new launch, owned by John Bosman was launched Friday at the head of the bay. The boat is 27 feet long and has a 6-foot beam. It will accommodate 15 passengers. Frank Van Ry and Henry Meengs are the builders of the craft, having constructed it during the winter, using the old tub factory for a workshop. The boat will be equipped with an eight-horse power Touquet engine. The launch sailed by Mr. Bosman last year has been sold to Messrs. Van Ry and Meengs.

The piles that are submerged in Black river are a menace to small boats and Jake Lokker was right when he said at the Holland Business Men's meeting that they should be removed by the city. An example of this took place Sunday when Captain Deto and Charles Harmon were out in a launch for the purpose of fishing. The craft was steaming up the river at a slow rate of speed when all at once "bum" and the boat was nearly capsized. The power was shut off immediately and an investigation made which found the boat to be marred up considerably.

Herman Danhof and two hobo companions were arrested by Marshall Kamferbeek last Saturday for stealing 35 pounds of brass from C. L. King & Co. Danhof stole the brass some time ago, was suspected but left the city before he could be apprehended. He roughed it for a while but came back Friday with two disreputable looking companions. He was arrested and while in court his companions tried to dispose of the stolen brass. They tried the Ottawa Metal Co. but the prospective buyers became suspicious and notified the marshal. The latter took the thieves with their spoils on them.

## Doelker a Booster.

The Ludington Record Appeal of May 4 contains a half tone picture of Mr. Doelker formerly with the Holland City Gas Co. of this city, and also has the following pleasant things to say about him:

Wm. F. Doelker the new manager of the Ludington Gas Co. comes to Ludington as a man with a reputation. He has a reputation as a business hustler which is well for his company. Besides he has a reputation as an active town booster, one always looking for a chance to help the town in which he lives. This is well for Ludington. Speaking of his departure from Matoon when promoted to Cadillac the Journal Gazette said "Mr. Doelker has been here but two years but he has shown more than usual interest in this city and has taken advantage of every opportunity to boost the town." One of Mr. Doelker's first inquiries was to whom he might apply for membership in the Board of Trade. Welcome to Ludington Mr. Doelker, town booster.

## Beautiful Birthday Party.

Last Monday evening Miss Lydia Marie Flichman, daughter of Mr. and Mrs. J. W. Flichman, residing on River street, celebrated her eleventh birthday anniversary, on which occasion many friends gathered at her home. The home had been beautifully decorated for the event, and the many happy faces of friends and playmates added radiance to the usual calm of the home circle. Miss Lydia Marie was the happy recipient of many beautiful gifts from her friends, her brothers and her sisters. Besides some miscellaneous gifts of various kinds she received a beautiful gold band ring from her parents. Elaborate refreshments were served and the evening was spent in general birthday festivities.

## CORRESPONDENCE

## Saugatuck.

The following is the order of exercises for Commencement week of Saugatuck Public Schools to be held at the Cong'l Church: May 19 Baccalaureate sermon, May 20, the Students Literary; May 21, Junior Play; May 22, Promotion exercises; May 23, Orations by Senior Class; May 24, Orations by Senior Class; May 25 Alumni Banquet. These exercises will all be held on the evening of the day mentioned to begin at 8 p. m.

The Township Board have voted to extend \$70 to survey the new part of the Saugatuck cemetery and mark the lots with cement numbered stakes. They have also planted a number of elm trees there lately.

Carl Bird has taken the contract for building a yacht for Dr. Vale of Cincinnati who has a summer cottage at Waukegon. The boat will be 21 feet long, 5 foot beam, and be equipped with a 5 horse power Buffalo engine.

The Lady Maccabees gave a banquet Thursday afternoon in honor of Mrs. S. Simonson who leaves the 14th for a visit of a number of months in California.

Crowe & Pfaff have installed two American Box Ball alleys and have already done considerable business. They do not intend to run a regular bowling alley as some have been led to believe but will have only the box-ball alleys. Frank Wilson is lettering the windows.

The Rebekah Lodge held their convention yesterday at Engineers hall. The banquet was held in the Rebekah hall.

C. A. Croshaw has taken the contract to make the improvements on the Lake Kalamazoo house which will cost about \$1,500. A porch will be added and also some gables to add to its attractiveness.

Charles W. Moore, a resident of Holland and well known throughout this section, died Sunday night at the Hotel Butler, where he has been for some time under medical treatment. His death was caused by a cancer from which he had suffered for more than a year, and three operations gave him little relief.

Deceased was 46 years old, and is survived by one brother and one sister, Robert M., and Miss Leah Moore. The latter has arrived from the Kalamazoo seminary, where she is a student. Their father, R. M. Moore, died in Holland three years ago.

Mr. Moore was extensively engaged in the lumber business for the past 20 years, having extensive holdings in Louisiana and also in the forests of California. He spent very little of his time in Holland. He was a prominent member of the Masonic fraternity, and had an extensive acquaintance in this vicinity.

The funeral was held at Saugatuck Wednesday morning at 10:30 from Hotel Butler. The body was interred at Hamilton, where the deceased was born.

## Wildwood.

For the Holland City News.

The weather has been so cold and backward that there has not been very much farming done yet. Some have finished plowing for oats but have not put them in the ground. I calculate to sow 15 acres of oats and have the ground prepared.

N. W. Ogden sold his saw and planing mill a short time ago. He received \$1,300 for the mill, a small house and 2 and a quarter acres of ground and gave 8 years time. He bought between 2,000 and 3,000 feet of hemlock and calculates to keep lumber to sell.

Born to Mr. and Mrs. Arthur Ogden a daughter two weeks ago last Saturday.

We had an open winter here, with only 6 or 8 inches of snow at any time, but lots of rain and ice made good sleighing the latter part of the winter.

Fifteen teams have been hauling lumber through here all winter, and the parties have still 100,000 feet to haul and cannot get teams, although they pay \$3.75 per thousand on a 11-mile haul. This lumber was for the Haake Lumber Co., and they will close out this summer and go to Oregon this fall, where they have bought a lot of land.

## A Narrow Escape.

G. W. Cloyd, a merchant of Plunk, Mo., had a narrow escape four years ago, when he ran a jimson bur into his thumb. He says: "The doctor wanted to amputate it but I would not consent. I bought a box of Bucklen's Arnica Salve and that cured the dangerous wound." 25c at Walsh Drug Co., Druggist.

## Overisel.

J. H. Volink lost a cow by lightning last Monday.

Gerrit Poetakker and his wife and children from Hull, Iowa, are visiting friends and relatives here at present.

Gerrit Immink is enlarging his barn and putting a new roof on the same.

Invitation cards are out for the wedding of John Tuesink and Gertrude Hoffman, to take place tomorrow at the home of the bride's parents.

The case started by Bert Nienhuis of Overisel against his brother-in-law, Henry Alderink, on charge of assault and battery, has been withdrawn, Alderink paying the costs in the case amounting to \$5. The trouble between the two men occurred on election day, Nienhuis claiming that Alderink assaulted him, cutting a big gash in his scalp with a hoe. Relatives have evidently made the men patch up their unpleasantness.

During the severe storm which passed over this territory Sunday night, the barn belonging to Cook Bros., living about three miles northeast of Overisel, was struck by lightning between the hours of ten and eleven. When the fire was discovered it had already gained headway and it was impossible to save the property. In the blaze nineteen head of cattle, six horses and five hogs perished. Some harnesses and farm machinery and about 15 tons of hay were also destroyed. There was not much grain in the barn at the time. The loss is stated to be between \$3,000 and \$4,000. The insurance on the barn is about \$1,200 and the insurance on the stock is very light.

## Hamilton.

At the home of the groom's sister, Mrs. Bert Bradley last Tuesday evening George W. Burnett, of Hamilton, and Miss Ada Belle Turner of Battle Creek were united in marriage by Rev. F. W. Bush. The couple will reside in Chicago where Mr. Burnett has employment. Only a company of relatives were present as guests and to partake of the bountiful supper.

Our dip net fishermen are meeting with good luck this week, many suckers having been caught.

H. C. Maentz of Allegan bought several exceptionally large cattle from William Schutmaat of Hamilton this week. Five of the beefs, dressed, weighed over 3,400 pounds, the largest one weighing 881 pounds.

Milo Palmer is boarding with his sister, Mrs. Frank Dalton, since his return here from Holland where he worked all winter.

John Teusink has sold his fine buggy horse to Rev. Strabbing of this place.

Fredrick J. Smith was awarded the contract for building the cement abutments in Hamilton for \$625.

Plan and specification may be seen in the office of Jas. Price, architect. Proposals must be accompanied by a certified check equal to 5 per cent of the bid. ## Wonderful Eczema Cure.

"Our little boy had eczema for five years," writes N. A. Adams, Henrietta, Pa. "Two of our home doctors said the case was hopeless, his lungs being affected. We then employed other doctors, but no benefit resulted. By chance we read about Electric Bitters; bought a bottle and soon noticed improvement. We continued this medicine until several bottles were used, when our boy was completely cured." Best of all blood medicines and body building health tonics. Guaranteed at Walsh Drug Co. Drug Store. 50c.

## White Arsenic or Paris Green

The local market on Paris green is 40 cents per pound and growers are wondering what to do. Dealers explain the sharp advance in price to the high market price of copper and arsenic from which it is made.

Many growers have found a cheap and effective substitute for Paris green in white arsenic boiled with lime. The market price of white arsenic is at present 12 cents per pound and, as one pound of arsenic is nearly twice as effective as a pound of Paris green, the poison can be secured in the new way for about one-sixth the expense as by using Paris green. The boiled arsenic and lime should be kept in a jug and plainly marked "poison," and kept where no mistake can be made in its use.

The Agricultural College spraying bulletin gives the following formula for preparing white arsenic for spraying purposes.

"As Paris green is quite expensive and is sometimes adulterated, white arsenic is frequently used in its place. Its cost is about one third that of Paris green and, as it is nearly twice as effective, the expense is on a sixth as much as when Paris green is used. To prepare arsenic for use the following treatment is necessary:—In two gallons of water place two pounds of freshly slaked lime and one pound of arsenic; after boiling thirty to forty minutes the arsenic will have dissolved and united with the lime, so as to form an insoluble compound. When desired for use the arsenic should be diluted, and one pound prepared as above will suffice for two or three hundred gallons when used upon fruit trees, or one hundred fifty gallons for spraying potatoes. That there may be no injury to the foliage, it is desirable to use the arsenic thus prepared either with Bordeaux mixture or lime water. When lime is used, one pound of lime will be sufficient for twenty gallons of water. Although the spraying calendar does not refer to arsenic, it can be substituted for Paris green if desired."—Fennville Herald.

## Nature Tells You.

As Many a Holland Reader Knows  
Too Well.

When the kidneys are sick, Nature tells you all about it. The urine is nature's calendar. Infrequent or too frequent action. Any urinary trouble tells of kidney ills.

Doan's Kidney Pills cure all kidney ills.

Holland people testify to this.

William Van Dort, 95 W. Tenth Street, Holland, Mich., says: "I do not hesitate to give my endorsement to Doan's Kidney Pills. I have suffered from kidney trouble and backache for over ten years and think that I have endured as much suffering and misery as any one subject to this complaint. The secretions from my kidneys were very much disordered, passages being made with a scalding sensation, contained sediment and were of an offensive odor. I had fainting spells and dizzy headaches. My back was very weak and lame and I could hardly bend, stoop or lift anything. If I caught cold, it settled on my kidneys and aggravated the trouble, causing me to suffer acutely. I doctored a great deal but never succeeded in finding anything to even give relief until I procured Doan's Kidney Pills at Doesburg's drug store. I felt great relief after I had used them until I was positively cured of the attack. I use them occasionally when feeling tired or run down and the results are always most satisfactory."

## Keep Your Nerve

It is nerve energy that runs the organs of your body. The storage battery is the nerve cells in the brain and spinal cord, and from this battery nerve force is sent out through the system of nerves. To keep the body healthy you must have plenty of nerve force; if you have not, the organs work imperfectly, the circulation is sluggish, digestion bad, appetite poor, kidneys inactive, and aches, pains and misery are the penalty.

You can keep the system strong with Dr. Miles' Nerve. It assists in generating nerve energy; it strengthens the nerves and makes the whole system strong and vigorous.

"I take pleasure in recommending Dr. Miles' Nerve to those suffering from nervous prostration, insomnia and melancholy. After several months suffering from above diseases I tried this medicine and found immediate relief. It soothes and strengthens the nerves, chases away the gloomy and depressing thoughts and gives the sufferer renewed strength and hope. It is a superb nerve restorer."

## Feeble Old People.

Are Much Benefitted by the Use of Vinol.

Hundreds of old people right here in Holland need just such a strength maker and body builder as our delicious cod liver oil preparation, Vinol; and we simply cannot understand why they will continue to drag out a half-dead and half-alive existence, when we guarantee Vinol will invigorate every organ in the body, stop the natural decline, and make them well, vigorous and strong.

If you want to know how an aged, feeble discouraged man or woman may be made active, cheerful and vigorous, read this letter:

Mrs. Catherine Therer, of Albany, N. Y., writes: "Six months ago I felt that I was broken down by age, and I was doomed to the weak and feeble condition of old people. The slightest exertion tired me, and I had no strength. My daughter bought me a bottle of Vinol. I soon felt an improvement; I continued its use, and am now well, cheerful and stronger than I have been for years; in fact, I feel ten years younger."

Vinol is not a stimulant which reacts on the system, but it is a genuine cod liver and iron tonic which in a natural manner makes rich red blood and replaces weakness with strength. We wish every old person in Holland would try

Vinol on our offer to return money if it fails. R. M. DeFree & Co., Druggists.

Note—While we are sole agents for Vinol in Holland, it is now for sale at the leading drug store in every town and city in the country. Look for the Vinol agency in your town.

ENGINEER IS SLAIN  
BY TRAIN ROBBERS

PAIR OF DARING BANDITS HOLD UP NORTHERN PACIFIC TRAIN NEAR BUTTE, MONT.

MAN AT THROTTLE RESISTS MURDER

Masked Men Immediately Make Their Escape Without Attempting to Get Cash—Sheriff and Bloodhounds Take Up Trail.

Butte, Mont., May 8.—The North Coast Limited, east-bound train No. 22 on the Northern Pacific railway, was held up by two masked men near Welch's Spur, a siding 18 miles east of Butte at 2:15 Tuesday morning. Engineer James Clow was shot and killed and Fireman James Sullivan was shot through the arm. Without making an attempt to blow up the express car, as was evidently intended, the robbers jumped from the engine and ran down the mountain-side, disappearing in a gulch several hundred yards from the track.

Sheriff Starts on Trail. Sheriff Henderson of Butte was notified and, with a posse, left on a train for the scene of the hold-up. Sheriff Webb of Yellowstone county, was on the train and, with one of the train crew, started on the trail of the hold-up men five minutes after the shooting. He trailed the men half a mile and after picking up their masks, lost all tracks of the bandits.

On the tender of the locomotive was found a telescope grip full of giant powder, evidently intended for use in blowing up the express car. The men boarded the train presumably at the Butte transfer, where a locomotive for the Montana division was attached. One mile west of Welch the men crawled over the tender and, with drawn guns, commanded the engineer to stop the train, which he did. Engineer Clow, however, made a show of resistance and one of the robbers fired, shooting him through the body, killing him instantly. The other man shot at Sullivan, breaking his arm.

Negro Tells of Hold-Up. When the train stopped Conductor Bert Culver and the train crew ran to the engine, where they found a colored man, who related the circumstances of the hold-up. This man said that he had been stealing a ride and that the men offered him a third of the "booty" if he would assist them. He said he had refused and had taken no part in the hold-up. He says he can identify the robbers, and the man is being held for this purpose.

The body of Clow was taken to Whitehall, where an inquest will be held. Clow lived at Livingston, where he leaves a widow and son. He was 55 years old and had been in the service of the Northern Pacific 18 years.

The Northern Pacific is sending special trains from Deer Lodge to the scene, carrying officers as well as seven bloodhounds from the penitentiary. Sheriff Fenner of Deer Lodge county was joined at Welch by men from the Butte police department with horses. At later accounts the dogs had struck the trail and were following it.

## Scene of Crime Is Wild.

The country where the hold-up took place is extremely rough, being six miles from the summit of the main range of the Rocky mountains. It is unsettled and the trail is not likely to be crossed by other men on foot, so that the bloodhounds will have a fair chance to track the men. Officers believe that the men are trying to get back to Butte. The party with bloodhounds was joined at Welch by R. H. Goddard, chief of the Northern Pacific detectives at Livingston; Deputy Sheriff James Keon of Gallatin county, and by James Latta of Bozeman. Keon and Latta are the men who tracked and captured "Tke" Gravelle, who, some time ago tried to force the Northern Pacific Railroad company to pay him \$50,000 blackmail.

A reward will be offered by the railroad company for the capture of the men.

## Taft Visits Exposition.

Washington, May 8.—Secretary Taft returned to Washington Tuesday by boat from Hampton Roads, much improved in health as the result of his short trip. He spent most of the time while away in the James river and not until late Monday afternoon was he able to make a hasty private and unofficial visit to the Jamestown exposition ground and buildings. He expects to have a meeting with president Tucker in Washington in the course of a day or two to discuss the affairs of the exposition.

## Railroads Indicted for Rebating.

New York, May 8.—A federal grand jury, which has been investigating rebate cases, Tuesday indicted the Chicago, Rock Island & Pacific Railway company, Chicago, Milwaukee & St. Paul Railway company, New York, Ontario & Western Railway company and the Western Transit company on charges of granting rebates to the American Sugar Refining company.

KILLS SIX PERSONS  
IN FIT OF INSANITY

A SAN FRANCISCO CARPENTER TAKES HALF DOZEN LIVES IN BOARDING HOUSE.

IMAGINED VICTIMS IN PLOT TO MURDER HIM

Tragedy Committed with Shotgun—Washington Telegraph Operator Kills Wife, Shoots Baby Girl and Commits Suicide.

San Francisco, Cal., May 8.—Walter Charley Davis, a carpenter, in a fit of insanity Tuesday shot and killed a family of six persons, with whom he resided at 414 Pierres street. The dead are as follows: W. S. Bard, a carpenter, with relatives in St. Louis and Denver; Orson R. Bush, aged 57, his wife and their young son; Mrs. Lillian D. Carothers, an elderly woman who boarded in the house; M. E. Zinton, a surveyor, recently from New York.

One lodger in the house escaped. She was a girl of 17. Davis pointed his gun at her and was preparing to shoot when he said she resembled his daughter, so he spared her life.

Davis and his victims all resided with the Bush family, who conducted a boarding house. Davis' home was in Farmersville, near Visalia, this state, where he has a wife and six children. He has been working here as a carpenter since the fire.

The shooting was done with a double-barreled shotgun. Davis, who slept in the same room with young Bush and Bard, arose shortly after five o'clock and after arming himself with the gun shot his two roommates. Then he visited each room in turn, killing the occupants.

The shots attracted a large crowd and a rush was made upon Davis as he was attempting to reload his weapon and he was overpowered and turned over to the police and taken to the detention ward of the hospital. The bodies of his victims were taken to the morgue. Davis fancied that the people in the house had formed a plot to kill him and take his money.

## Shoots Wife, Child and Self.

Washington, May 8.—As the result, it is alleged, of a quarrel over a wedding ring, William O. Rice, aged 25 years, of 131 Heckman street, Southeast, this city, a telegraph operator on the Baltimore & Ohio railroad, Tuesday shot and instantly killed his wife, Lillian, fired a shot at his one-year-old baby, Earl, which took effect in the leg, and then committed suicide by shooting himself.

Rice, who worked nights, returned to his home at an early hour Tuesday morning, and finding his wife and baby asleep, woke them up. A discussion ensued regarding Mrs. Rice's wedding ring, it being alleged that Rice had possession of the ring and would not return it to his wife. A quarrel followed when Rice, securing a pistol lying on a table, fired four shots. The baby was removed to Providence hospital, where it is said its injury is not serious.

## BUCKET SHOPS TO LEAVE STATE

Missouri, Which Imposes Tax on Deals, Shunned by "Brokers."

Kansas City, Mo., May 8.—Bucket-shop concerns in Kansas City affected by the law passed recently by the Missouri legislature placing a tax of 25 cents upon every grain deal made within the state, have practically decided to move their offices across the line into Kansas City, Kan., where the statute goes into effect on July 12 next. The officers of the national board of trade, an independent concern with branches at several points throughout the country, have not yet determined what they will do.

The Kansas City board of trade, the original organization which is affiliated with the Chicago board of trade, may take some action to test the constitutionality of the act, but no definite move has yet been determined upon.

## Gas Company Must Pay.

Columbus, O., May 8.—The city of Columbus won a signal victory in the supreme court of Ohio Tuesday in the case against the Columbus Gas company to enforce it pay to the city \$4,000 annually for its franchise rights. The company paid the amount annually for several years then refused on the ground that the city could not legally accept compensation. The city lost in the lower courts, and all these decisions are reversed by the Supreme court judges. The finding affects many of the utility companies, and the decision is of vital interest to them.

## Blaze at Huntley, Ill.

Elgin, Ill., May 8.—The town of Huntley, a few miles north of this city, was threatened with destruction Tuesday by a fire which started at midnight and burned fiercely for some time. The big creamery and condensing factory of Cornell Bros., the staples of the Edward Keating stock farm and a portion of the Northwestern railroad station were destroyed.

## House Passes Chicago Charter.

Springfield, May 8.—The Chicago charter bill passed the house Tuesday by a vote of 93 to 46. The house also passed the local option bill by a vote of 82 to 63. The bill now goes to the governor for his action.

by Miss Fanny Brower, sister of the  
groom, who also played "Hearts and  
Flowers" during congratulations.  
The bride was given away by her

formed by the Rev. D. R. Drukker,

vice being used.

The bride wore a beautiful gown

### Hope College News.

Miss Larkins, a musical in-  
structor in Hope College, who is  
the guest of Dr. and Mrs. De  
Kleine, sang "Dreams of Para-  
dise" in the Second Reformed  
church Sunday forenoon.—Grand  
Haven Tribune.

Last Friday was Arbor day and  
in accordance with the old time  
custom the Senior class planted  
trees and vines and made other  
slight improvements on the cam-  
pus. But something happened this  
year the similar event of  
which is not on record of former  
years. The class seriously at work  
was unaware that the lady members  
were preparing a surprise for them  
in the form of a lunch. The lunch  
was left in the kitchen in Van  
Raalte Hall securely locked. But  
some daring boys got the notion to  
break through the transom above  
the door and made away with a  
part of the surprise. The "job"  
and those who were back of it  
were soon discovered and were  
given the privilege to choose be-  
tween a pumping and a matter of  
dollars and cents. After some  
serious and wise deliberation the  
perpetrators decided to settle the  
matter by relieving their purses  
enough to furnish a good substan-  
tial lunch for the Seniors.

## Get Rid of This—Burn Gas.

Cook or heat with Gas and you don't have to carry up coal  
nor carry out ashes.

Ash is waste, besides being a nuisance to bother with.  
And coal is pretty heavy to be carrying up the cellar steps.

Once a housewife cooks with gas you can't get her to go  
back to coal—especially in summer.

COLONEL AND 8 MEN DEFEY U. S.

Marines Force Apology From Belliger-  
ent Honduran Officer.

Puerto Cortez, April 24.—An amu-  
sing instance of the armed resistance  
to American marines by Honduran  
revolutionists came to light Tuesday  
in the official correspondence of the  
American gunboat Marietta. Colonel  
Louis Isaula, a revolutionist in com-  
mand of the port of Tela, drew a re-  
volver upon Ensign McNair of the Ma-  
rietta, when the latter was sent  
ashore at Tela to say that American  
marines would protect foreign prop-  
erty.

Colonel Isaula threatened to kill  
the ensign if he did not desist in his  
purpose of landing marines. Com-  
mander Fullam of the Marietta sent a  
body of marines ashore to demand an  
apology from Isaula. These marines  
found the colonel with eight men  
drawn up in skirmish line and were  
told that Colonel Isaula demanded  
an apology of the Americans. When,  
however, the Americans advanced and  
said they intended to have an apology,  
Isaula backed down and wrote one.

Among the acts for which an apol-  
ogy was asked was the cutting down  
of a British flag at Salado. Isaula's  
soldiers threatened the life of William  
Collins, a British subject, who had  
raised his flag for protection. Com-  
mander Fullam informed the colonel  
that the American marines would not  
allow insults to the British flag.

### Railroad Shops Burned.

New York, April 24.—The big re-  
pair shops of the New York Central &  
Hudson River Railroad in the Melrose  
yards near One Hundred and Fifty-  
sixth street, were burned Tuesday  
with a loss to building, machinery and  
rolling stock which will reach \$100,-  
000. On account of the location of the  
shops, in the midst of a half hundred  
tracks, down in a cut from 15 to 30  
feet below the level of the streets,  
the firemen had much difficulty in sav-  
ing a large number of cars which  
stood near the shops and several near  
by freight sheds.

### Striking Walters Start Riot.

Paris, April 24.—A fierce encounter  
between striking waiters and bakers  
and a body of police took place Tues-  
day on the Rue de Louvre, outside of  
an annex of the labor exchange. Many  
arrests were made and the strikers at-  
tempted to rescue the prisoners,  
whereupon a detachment of cuirassiers  
charged and dispersed the rioters.

William January, who was sent to  
the penitentiary at Leavenworth 12  
years ago for robbing a post office  
and escaped three years later, was ar-  
rested in Chicago. He had married  
and become a prosperous business  
man.

### Kills His Friend by Mistake.

Chicago, April 23.—Louis Meyers, a  
hide inspector at the stock yards, shot  
and killed his friend and former room-  
mate, John Maklaska, 26 years old,  
early Sunday morning in a boarding  
house at 4620 Ashland avenue, mis-  
taking him for a burglar.

## Feeble Old People.

Are Much Benefitted by the Use  
of Vinol.

Hundreds of old people right  
here in Holland need just such a  
strength maker and body builder  
as our delicious cod liver oil pre-  
paration, Vinol; and we simply  
cannot understand why they will  
continue to drag out a half dead  
and half-alive existence, when we  
guarantee Vinol will invigorate  
every organ in the body, stop the  
natural decline, and make them  
well, vigorous and strong.

If you want to know how an  
aged, feeble discouraged man or  
woman may be made active, cheer-  
ful and vigorous, read this letter:

Mrs. Catherine Therer, of Al-  
bany, N. Y., writes: "Six months  
ago I felt that I was broken down  
by age, and I was doomed to the  
weak and feeble condition of old  
people. The slightest exertion  
tired me, and I had no strength.  
My daughter bought me a bottle of  
Vinol. I soon felt an improve-  
ment; I continued its use, and am  
now well, cheerful and stronger  
than I have been for years; in fact,  
I feel ten years younger."

Vinol is not a stimulant which  
reacts on the system, but it is a  
genuine cod liver and iron tonic  
which in a natural manner makes  
rich red blood and replaces weak-  
ness with strength. We wish every  
old person in Holland would try  
Vinol on our offer to return money  
if it fails. R. M. DeFree & Co.,  
Druggists.

Note—While we are sole agents  
for Vinol in Holland, it is now for  
sale at the leading drug store in  
every town and city in the country.  
Look for the Vinol agency in your  
town.

### Wonderful Eczema Cure.

"Our little boy had eczema for  
five years," writes N. A. Adams,

doctors said the case was hopeless,  
his lungs being affected. We then  
employed other doctors, but no  
benefit resulted. By chance we  
read about Electric Bitters; bought  
a bottle and soon noticed improve-  
ment. We continued this medi-  
cine until several bottles were used,  
when our boy was completely  
cured." Best of all blood medi-  
cines and body building health  
tonics. Guaranteed at Walsh

### A Narrow Escape.

G. W. Cloyd, a merchant of  
Plunk, Mo., had a narrow escape  
four years ago, when he ran a jim-

"The doctor wanted to amputate  
it but I would not consent. I  
bought a box of Bucklen's Arnica  
Salve and that cured the dangerous  
wound." 25c at Walsh Drug Co.,

## NORTHERN TEXAS SWEEP BY TORNADO

SEVERAL TOWNS ARE WIPED  
OUT OF EXISTENCE BY  
GREAT STORM.

Loss of Life Is Small—Many Persons  
Suffer Severe Injuries—Wires Are  
Blown Down and Details Are  
Scanty

Fort Worth, Tex., May 7.—A storm of wind and rain which was general throughout a considerable area in northern Texas Monday and which at some places assumed the proportions of a tornado, according to meager reports received here, resulted in the loss of at least three lives, the injury of many other persons and great damage to property and crops.

Several villages were wiped out, but because of the prostration of both telegraph and telephone wires, details are almost impossible to obtain.

At Deport, one of the largest villages in Lamar county, 20 miles from Paris, the storm passed northeast, cutting a path about 100 yards wide. The business part of the town was not touched, the damage being in the resident district. The Baptist parsonage was blown to pieces, its timbers and the furniture scattered over the ground. R. H. Bryson's residence was demolished. As far as can be ascertained no one was hurt at this place. Crops are badly damaged.

It is reported that at Halesboro, in Red River county, the wife and child of Andrew Bell were hurt.

Develops Into Tornado.

A terrific wind passed over Sulphur Springs about two o'clock, traveling from the southwest to the northeast. West of Sulphur Springs the wind assumed the proportions of a tornado, carrying death and great property damage in its wake. A passenger train on the Cotton Belt was held up by the train crew until the storm passed. The engineer could see the twisting cloud as it swept across the tracks and cut a swath through the country. As soon as the storm passed the train proceeded and no one was hurt.

At the village of Antioch, or Pleasant Grove, as it is also called, the whole village was practically destroyed. Antioch is about seven miles north of Sulphur Springs. This is in the tornado belt and most of the houses are provided with storm cellars. To this fact is due the escape of a number of those who were caught almost in the path of the storm. The home of Wm. Lemmons was destroyed, entailing a loss of about \$10,000. Three barns on the place were also destroyed and many head of live stock killed.

Man Crushed by Debris.

The renter of the place named Barzil, whose family consisted of himself and seven children, saw the storm coming and made a run for the cellar at the Lemmons home. Barzil was caught by the wind before he could reach shelter and crushed by flying debris. Five of the children reached the cellar in safety, but Mrs. Barzil and two of the children were fearfully injured and fears are entertained for their recovery.

The home of James Ferguson was destroyed and Mrs. Ferguson was dangerously hurt by flying debris. Ben Pogue and his wife were badly hurt when their home was blown down, but it is thought they may recover. Mrs. Sid Lackey was hurt and will probably die.

There were others injured at Antioch, but it is impossible at this time to learn their names. Crops in the path of the storm, which was unusually wide, were completely destroyed.

The village of Birthwright was destroyed and it was known that at least one death occurred there and it is said one person was fatally hurt. Crawford Martin and J. P. Conner were seriously hurt and may die. Birthwright is a village of between 300 and 400 persons.

### EX-POLICE CHIEF INDICTED.

Chicago Officials.

O'Connell, former commissioner of public works and manager of the Dunne campaign; E. M. Roche, former city business agent and treasurer of the Dunne campaign; Frank D. Comerford, former attorney of the police department; and Detectives J. McGrath and P. J. McNulty. Collins is charged with mutilating public records, conspiring to violate the civil service law, and other offenses; the others are charged with conspiracy to violate the civil service law, and to do an illegal act in the formulation of the police detail that he said to have collected funds for Dunne's campaign.

### TWO KILLED IN A COLLISION.

Interurban Electric Cars Crash To-  
gether Near Bowling Green, O.

Toledo, O., May 6.—A south-bound limited car on the Toledo Urban & Interurban electric road collided with a north-bound local car of the same line Sunday night about one mile south of Bowling Green. It is reported that two persons are dead and over a score injured.

## FRISCO CAR MEN ON STRIKE

**STREET RAILWAY EMPLOYEES QUIT, TYING UP TRAFFIC.**

Company Will Attempt to Operate with Non-Union Crews, Calling on Authorities for Protection.

San Francisco, May 6.—The street car motormen and conductors struck Sunday, tying up the street car system of this city. In lieu of the cars, all sorts of vehicles, from automobiles to express wagons, were used by the public.

The motormen and conductors of the United Railroads early Sunday morning voted to declare a strike, after having failed to obtain an eight-hour day and a flat wage of three dollars.

The strikers have been reinforced by the stationary firemen, who demand recognition of their union and an increase of wages from \$2.75 to \$3.25 per day. It is probable that other allied trades will come to the support of the platform men. There was no disorder, as no attempts were made by the railroad officials to take cars from the barns, but it is expected that an effort to run cars will be made Monday.

President Patrick Calhoun says that the United Railroads company will operate its lines independently of the car men's union and if resisted, will demand from the city and state authorities the full protection guaranteed by the law. The officials of the company have been making elaborate preparations to run cars in the event of a strike and they claim to have several hundred experienced men ready to take the places of the strikers.

In the event of the city and state being unable to provide protection in case of serious trouble, federal assistance may be invoked on the ground that the United Railroads Investment company, of New Jersey, which is the holding corporation of the United Railroads, is a corporation foreign to this state. It is reported that Farley, the noted strike-breaker, is in the city and that he will have charge of the strike-breaking operations.

**TO PROBE KANSAS CITY POLICE.**

Charges of Graft and Corruption Will Be Investigated.

Kansas City, Mo., May 6.—Monday the board of police commissioners will begin the promised investigation of charges of police corruption. The probable advent in Kansas City within the next week or so of Gov. Folk, who has practically said he would come here and take a hand personally in the investigation, gives promise of sensational disclosures.

For a long time allegations have been made that graft was commonly practiced on the force. It has been charged that it extended all the way from the protection of petty criminals to the covering up, for a consideration, of the graver crimes; of murderers and dangerous crooks shielded, and appointments made at the best of certain factions to pay political debts and with no consideration of the fitness for office of the appointees.

Chief of Police John W. Hays has repeatedly said that he courted an investigation of his department from top to bottom, and he has offered to give the governor and the police commissioners every aid at his command.

**GRAFTERS WILL BE SUEED.**

Pennsylvania Capitol Scandal to Result in Prosecutions.

Pittsburg, Pa., May 6.—Civil and criminal suits will be brought by Attorney General Todd against those responsible for the state capitol scandal. A complete list of those who will be named as defendants will not be known until the inquiry is completed. The commission will hold no more public sessions until after the legislative adjourns on May 16.

The suits will be based on the testimony showing that the contractor collected from the state for 752 thermostats and installed only 363, and on the substitution of domestic for baccarat glass and an inferior glass for Tiffany favril. John H. Sanderson & Co., general contractors for the furnishings; Joseph M. Huston, architect for the building commission and also the board of grounds and buildings, are among those involved in the scandal.

**GEN. J. K. HUDSON IS DEAD.**

Well-Known Soldier and Newspaper Man of Kansas.

Topeka, Kan., May 6.—Gen. Joseph K. Hudson died at his home here Sunday. He was stricken with heart failure in December last, and ever since then had been in a failing condition.

Gen. Hudson was born in Carroll county, O., in 1848. He joined the Third Kansas volunteers at the opening of the civil war and was mustered out as a major in 1865. He served in the Kansas legislature in 1871 and later became state printer. In 1879 he became publisher of the Topeka Capital, and was a powerful newspaper and political factor. In 1898 he was appointed brigadier general of volunteers in the war with Spain. Following the conclusion of peace he was made major general.

## FINANCIAL PROBLEMS OF THE SEASON.

## UNFROCKED RECTOR AND WARD LOCATED

**MARRIED MINISTER, WHO ELOPED WITH 17-YEAR-OLD GIRL, REPORTED FOUND.**

Rev. Cooke Said to Have Admitted His Identity Offered to Go Back to Long Island If Assured Protection from Mob Violence.

New York, May 6.—Rev. Jere Knobe Cooke, unfrocked rector of St. George's Protestant Episcopal church of Hempstead, L. I., and 17-year-old Floretta Whaley, his ward, who eloped last Monday, have been located in a hotel at Peekskill, N. Y., according to information received Saturday. It is announced that the officials of Nassau county have issued a warrant for Cooke's arrest and that officers have been sent to Peekskill to serve it.

Mrs. Whaley, grandmother of the missing girl, went before Judge Cutting at Mineola and swore out the warrant for Cooke's arrest.

While it is not known positively what charge was made, it is rumored to be abduction, Miss Whaley being still a minor.

**Cooke Fears Mob Violence.**

Two satchels and a small steamer trunk constituted the baggage of the couple. The elopers appeared to be perfectly happy, and there was no sign that the scandal they had created caused either the slightest worry.

Several persons who had seen the pictures of the elopers in New York papers easily recognized them and noted where they went. They immediately informed the local authorities, who communicated the information to the Long Island officials.

Cooke soon discovered that he was being watched, and when approached admitted his identity and offered to go back to Long Island if assured protection from mob violence or individual enemies. He said he had received anonymous letters threatening his life three days before he left Hempstead, and this was the main reason for his flight.

**August Belmont Ousted of Cooke.**

The disappearance of Cooke and Miss Whaley created a tremendous sensation principally because of the prominence of the church, of which Cooke had been rector for five years. The church is one of the most important on Long Island, and includes among its parishioners scores of wealthy New Yorkers who have country homes in that vicinity.

Among the church members is August Belmont, who took an active part in the proceedings following the minister's disappearance, which resulted in the pulpit being declared vacant and Cooke being deposed from the ministry.

**Makes Dupe of His Ward.**

Miss Whaley is heiress to a fortune of \$125,000. She was given into the care of Cooke by her dying father. She trusted her pastor-guardian with the confidence of innocent childhood, until she was completely in his power.

When Cooke eloped with his ward he abandoned his wife, who is now prostrated over the scandal.

Bishop Burgess deposed Cooke at the request of the offending rector, who acknowledged his wrongdoing in a letter.

**ESTRADA IS IN COMMAND.**

He Will Put End to Lawlessness in Puerto Cortez.

Puerto Cortez, Honduras, May 1, via New Orleans, May 7.—Gen. Juan Estrada, of the Nicaraguan army, was Monday appointed commandant of Puerto Cortez, in place of the Honduran commandant. The appointment probably ends the lawlessness exhibited recently in which an American negro was seriously beaten. Gen. Estrada, ever since the Nicaraguan invasion, has been strict with his men, severely punishing infractions of good order. The investigation into the assault upon the negro is still under way.

## WANT TO DISCLOSE CASE OF THE STATE

**HAYWOOD'S COUNSEL AT BOISE ASK FOR A BILL OF PARTICULARS.**

Court Delays Decision—Arguments of Lawyers Richardson and Darrow for the Defense Are Answered by Senator Borah.

Boise, Idaho, May 7.—Judge Fremont Wood will decide on Wednesday next if, on the eve of his trial for the murder of former Gov. Frank Steunenberg, William Haywood is entitled to receive at the hands of the state a bill of particulars specifying the overt acts charged against him. The motion of the defense for this disclosure of the case of the state was argued at length Monday, and at the conclusion of the discussion the court announced that it would make a decision at the time stated.

The prisoner, under guard of Sheriff Hodgins and two deputies, was brought into court for the argument, and of his counsel both Frank Richardson, of Denver, and Clarence Darrow, of Chicago, pleaded in his behalf. Senator Borah alone spoke in behalf of the state, although James H. Hawley, his associate, was in the court room when the proceedings began. The discussion, always earnest, was characterized at times by deep feeling and dramatic intensity.

**Argument for Defendant.**

Mr. Richardson, who opened the argument, contended that the indictment was lacking particularly; that it left the defendants in the dark as to the nature of the case to be presented against them, and the defendants were entitled to a more specific showing of the case. He submitted an extended brief citing a great number of authorities and precedents in favor of his contention.

Mr. Borah in reply declared that the defense was seeking a disclosure of the proof in the hands of the state, rather than more perfect pleadings, and asserted that the reports contained no single authority that would support such a contention.

Mr. Darrow, who closed the argument, began by saying that it was the purpose of the defense to secure a disclosure of the evidence in the hands of the prosecution, and asked why the defense was not entitled to such a showing. He made a spirited attack upon the attitude of the prosecution towards its witnesses and evidence, describing it as mysterious, unfair and unjust. He asserted that the only question involved was one of fairness and justice to the accused; laid stress upon the difficulty of securing testimony from distant points and the danger to the defense of "surprise" testimony, and passionately asserted that the rights of the prisoners were as much in the hands of the prosecution as in the keeping of the defense.

**Ready for Trial Otherwise.**

In answer to Judge Wood, Mr. Darrow said that the defense was not ready to go to trial, but Mr. Richardson interrupted him to make the qualification that the defense was as ready as it ever could be in the circumstances where the case of the state was withheld from it. He said that in all other respects the defense was ready.

Mr. Richardson, responding in brief to the argument of Mr. Borah, said that the counsel for the state made no distinction in his arguments between the overt acts which the state would seek to show against the prisoners and the evidence by which it would seek to show the commission of the alleged overt acts. The defense wished to know what the overt acts were.

Mr. Borah closed the discussion with a spirited speech in which he defended secrecy in obtaining witnesses, instancing the loss of two in Colorado, Sunday, disavowed a desire for any man's blood unjustly, and avowed the purpose of the state to do its duty.

**President for Square Deal.**

New York, May 6.—In a letter read Sunday before the Central Federated union President Roosevelt states that if evidence is submitted to him showing that there has been a miscarriage of justice for or against Moyer and Haywood awaiting trial at Boise, Idaho, charged with the murder of former Gov. Steunenberg, he will bring such evidence to the attention of the attorney general for such action, if any, as may be in the power of the federal authorities to take.

The communication was the formal reply of the president to the committee of the union which recently called upon the president in Washington and requested him to set forth in general his attitude toward the accused men, and specifically why he had referred to Moyer and Haywood as "undesirable citizens."

**Eleven "Black Hands" Convicted.**

Wilkes-Barre, Pa., May 7.—Eleven of the 13 Italians who had been on trial here charged with "Blackhand" crimes were declared guilty in the Luzerne county court Monday when the sealed verdict of the jury was opened. The other two defendants were acquitted.

**Drowns in Swimming Bath.**

Butte, Mont., May 7.—Ernest Mobergson, aged 26, son of a prominent cotton manufacturer of Ontario, Canada, was drowned in the plunge at Gresson Springs Sunday night while swimming.

The bill of Representative Lahuis of Zeeland, forbidding saloons within 50 rods of a school in townships and within 20 rods in incorporated villages, passed the house committee of the whole after Jerry Anderson had unsuccessfully tried to amend it by making the distance 15 rods in both cases. Foreman A. McNab of the bridge construction gang for the Pere Marquette will begin work at once on the new railway bridges to be built at New Richmond and Zeeland. The company has had so many expensive bridges fires that now whenever a bridge has to be rebuilt wood is discarded and nothing but iron and cement is used in the structure. The bridge at New Richmond will 612 feet long. As a roadway runs under it a space of 30 feet will be allowed for this, but otherwise the structure will be filled in solid. The girders will be of iron.

A stranger appeared several weeks ago soliciting orders for a new county atlas of Allegan county. His plan was to call on all the old settlers and get the story of their life and then he would politely request them to sign their name to the document simply to show that it was true, so he said, but which turned out later to be notes of from fifteen to fifty dollars at six per cent interest. Those that got their picture in the book had to pay fifty dollars. One day last week an old man appeared delivering the books and presenting the notes, failing to collect the notes he cashed them at the Fennville bank at a discount. The old settlers will pay dearly for getting their names in history but woe to the next book agent that appears in this vicinity.
